Abstract

This bibliography contains journal articles, book chapters, books, edited volumes, theses, grey literature, bibliographies and other resources on terrorism affecting the Indian subcontinent (excluding Pakistan). It covers both terrorist activity within the region's territory (regardless of the perpetrators' nationality) and terrorist acts by nationals from this region abroad. While focusing on recent literature, the bibliography is not restricted to a particular time period and covers publications up to September 2019. The literature has been retrieved by manually browsing more than 200 core and periphery sources in the field of Terrorism Studies. Additionally, full-text and reference retrieval systems have been employed to broaden the search.

Keywords: bibliography, resources, literature, terrorism, Indian Subcontinent, South Asia, India, Bangladesh, Kashmir, Sri Lanka, Maldives, Nepal, Bhutan, Liberation Tigers of Tamil Eelam, LTTE

NB: Literature on Pakistan was excluded because it has been covered in a separate bibliography (published in Issue 13(4) of 'Perspectives on Terrorism'). All websites were last visited on 23.09.2019. - See also Note for the Reader at the end of this literature list.

Note: Whenever retrievable, URLs for freely available versions of subscription-based publications have been provided. Thanks to the Open Access movement, self-archiving of publications in institutional repositories, on professional networking sites, or author homepages for free public use (so-called Green Open Access) has become more common. Please note, that the content of Green Open Access documents is not necessarily identical to the officially published versions (e.g., in case of preprints); it might therefore not have passed through all editorial stages publishers employ to ensure quality control (peer review, copy and layout editing etc.). In some cases, articles may only be cited after obtaining permission by the author(s).
